Vent-Free Gas Logs

# HMVF-R Series

## Vent-Free Gas Logs

### Features:

- Individually crafted and hand-painted logs that are very appealing even when not burning. Log set includes decorative coal chips.
- For distinguished taste, “Triple Layer” hand painted log detail.
- Natural looking glowing ember bed.
- Realistic burned through look allows beautiful ember bed to smolder brightly between logs.
- Lifetime warranty for log sets.
- The burner system is engineered to create an incredibly colorful and realistic flame pattern.
- Revolutionary burner system generates substantial radiant heat.

### Benefits:

- Vent Free gas logs are a convenient and clean way to enjoy a beautiful fire in your home, as well as provide supplemental heat with our highly efficient burner system.
- Remote ready rotary control valve with adjustable flame.
- Quick and easy setup, only gas line is needed to get started.
- ODS pilot ensures safe use of log set.

### Options:

- Available in LP or Natural gas.
- Available in 24” & 30” sizes.
- Remote control.
